EDUCATION

Kalam technical University
B.Tech in Mechanical Engineering
CGPA: 6.2

Thrissur, Kerala
Graduated, May 2024

PROFILE SUMMARY

Targeting **Full stack Developer** roles with an organization of high reputation with a scope of improving knowledge and further career growth.

- MERN stack (**MongoDB, Express.js, React, Node.js**) with a strong background in building scalable web applications
- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

PROJECTS

Real time crypto monitor

Jan 2024-May 2024

Tools: React, Node J.S

A web application used to see the real-time value of the crypto.

Responsibilities:

- Developed the front-end using React, creating a responsive and intuitive user interface.
- Used coin Gecko API to fetch real time of top 50 cryptos.
- Managed the backend entirely with Node js and user management efficiently

Currency Converter

June 2023 – July 2023

Tools: React, API Integration

A sleek and intuitive web application allowing users to easily convert amounts between different currencies, leveraging real-time exchange rates.

Responsibilities:

- Developed the front-end using React, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.
- Implemented real-time exchange rate fetching using an external API for accurate currency conversions.
- Added swap functionality to quickly interchange source and target currencies.
- Supported multiple global currencies to cater to a diverse user base.

INTERSHIP ATTENDED

- Earned a certification in Front end development from Rinex technologies, demonstrating proficiency in MERN stack technologies and project management.

SKILLS

Programming: Java, Python, JavaScript, HTML/CSS, SQL

Tools: Oracle SQL, Visual studio code, Eclipse, Photoshop
